

Middletown High School FFA

Citrus Sales 2011 Instructions

Citrus is sold by the full box, or half box. Each full box weighs about 40 pounds. Prices for each are listed below. When filling out the order blank be sure to mark the correct variety and price for each customer. Please collect the money in advance if at all possible. It is much easier if things are paid for in advance.

You, the salesperson, are responsible for arranging to deliver the fruit to your customers or having the customers pick up the fruit from the high school agriculture shop. Without some unforeseen delay, the fruit will be available for pick up on Wednesday, December 14th from 8AM until 7PM.

Orders are due by Friday, November 18th. We do order some extra fruit so keep selling after this date. If possible, bring in fruit orders once per week so we don't have to add them all up at once.

Keep a written account of your customers' names and their order on the color brochure. We will give you back the original forms to be used for delivery on the 14th.
